## 2023 Nancy S. Wexler Discovery Fund

The **Nancy S. Wexler Discovery Fund** fosters the highest level of scientific research in the field of Huntington's disease. The Fund was created in 2020 to honor the pioneering spirit, relentless dedication and enduring optimism of Nancy Wexler, President of the Hereditary Disease Foundation.

The Fund supports scientific collaborations, educational workshops and conferences, and the Nancy S. Wexler Young Investigator Prize. The Prize is awarded annually to a researcher whose work reflects the highest caliber of excellence, diligence and creative thinking. The Hereditary Disease Foundation's Scientific Advisory Board determines research programming and selects Prize recipients for fiscal approval by the Board of Directors.
